## Appendix A Technical Application

### Budget Narrative

Total Budget: \$145,600

#### Personnel \$37,000

\$22,000: Deborah Gregory Tims, Program Outcome Manager, will spend 50% of her time on this program. She will spend 87 hours per month on this project at \$2,200 per month for 10 months (Sept. 1, 2014 – June 30, 2015).

\$15,000: Doug Smith, Fiscal Specialist & Case Worker, will spend 15% of his time on fiscal responsibilities and 15% of his time on case worker duties for the program. He will spend 52 hours per month on this project at \$1,500 per month for 10 months (Sept. 1, 2014 – June 30, 2015).

#### Fringe Benefits \$0

#### Staff Mileage/Other Travel \$5,000

14,286 miles @ \$0.35/mile will be reimbursed for staff mileage. This mileage will accrue through site visits, training, and daily operations and oversight/monitoring of all sub-grantees, referral organizations, and affiliates.

#### Supplies \$0

#### Health Care Services \$52,000

Medical ultrasounds and lab-quality pregnancy testing will be provided to individuals at no cost. More than 700 ultrasounds are expected to be provided with these funds. Due to cost of operating ultrasound, and the specialization required in monitoring and approving each ultrasound, the cost per ultrasound is approximately \$70. The cost per pregnancy test is approximately \$3 and the remainder of the funds will cover testing for 1,000 women. Additionally, the mobile ultrasound unit is included in this line of funding, which will increase the access for individuals in underserved counties in Southeast Ohio.

#### Contracted Services \$0

#### Participant Transportation \$0

#### Participant Support \$22,000

Material aide will be augmented by this line of funding. 2,000 individuals will be served with this funding at \$11 per individual. This funding can be leveraged with community partners, such as churches, to increase the amount of material aide that is provided per person.

#### Equipment \$0

#### Other, Training \$2,600

Parenting curriculum and relationship curriculum training will be provided to all collaborative organization staff and volunteers to increase parenting and life skills programs in each county.

## Appendix A

### Technical Application

Relationships Under Construction, based in Delaware, Ohio, will provide the trainings on-site in Southeast Ohio to ensure maximum attendance.

#### Other, Video Parenting Courses \$5,000

We will purchase and distribute website access and hard-copy DVD's of the American Online Learning Centers parenting program. The program costs \$25 per family and 200 families will benefit from this and will be eligible for incentives to complete the program and pass the program test.

#### Other, Parenting Programs \$22,000

Programs vary based on location, but the average parenting program costs \$30 per person to administer. This line of funding will cover 750 individuals.
